# ADOPT A FAMILY

## A HOLIDAY GIVING OPPORTUNITY

**Providing gifts, clothing and necessities during the Holiday Season**

Throughout the year, Community Hospice & Health Services is blessed to walk alongside many community families as they navigate their serious illness/end-of-life and grief journeys. Often we assist families with little resources who find it difficult to share in the joy of the holiday season.

We are looking for organizations, individuals and families who are interested in "ADOPTING" a family in need during the holiday season.

COMMUNITY HOSPICE & HEALTH SERVICES ADOPT-A-FAMILY PROGRAM pairs generous supporters with families in need of Holiday cheer and support.

**Thank You for Sharing Your Holiday Spirit & Joy!**

*Each family has completed a wish list designed to share what their needs and desires are. Detailed information about your family will be provided the week before Thanksgiving.*
